Haynes L
- 10h45 – 11h00 Psychiatric nurse practitioners' experiences of working with mental health care users presenting with acute symptoms
Ngako K
- 11h00 – 11h15 Reducing stress and burnout to make health managers more effective
Wilson T

Policy and Health Equity

Chair: David Buso

- 10h00 – 10h15 Defining the key challenges and priority intervention in rural health care to improve national health outcomes
Versteeg M
- 10h15 – 10h30 Alternative classifications of cause of death data: Will it shift priority setting and interventions?
Neethling I
- 10h30 – 10h45 Facilitating the use of research evidence to inform health policymaking: The support tools
Wiysonge C
- 10h45 – 11h00 Why do some HIV infected patients not get onto ARVs at an antiretroviral clinic in Durban, KwaZulu Natal?
Nixon K
- 11h00 – 11h15 Trading health for wealth: A critical examination of the relationship between the HIV/AIDS disability grant and patient adherence to state funded antiretroviral medication in KwaZulu-Natal, Durban
Nzimande S
- 11h15 – 11h30 The Research Application Management System (RAMS)
Mbatha T

11h30 – 13h00

POSTER SESSION

Chairs: Stephen Knight and Ntabozuko Dwane

13h00 – 13h30

LUNCH

13h30 – 15h30

PARALLEL SESSIONS 2**Environmental Health**

Chair: Waasila Jassat

- 13h30 – 13h45 The relationship between environmental exposures to pesticides measured by means of an environmental index and the reproductive health of boys living on farms in the rural Western Cape
Ochieng A
- 13h45 – 14h00 Climate change and health: The performance implications of work in hot weather - presentation of a protocol
Oba J
- 14h00 – 14h15 Environmental risk factors for acute respiratory infections among children under-five in Ibadan
Fakunle A
- 14h15 – 14h30 Exposure to emissions from Kerosene cooking stoves and the health problems experienced by women in Olorunda community, Ibadan, Nigeria
Ana G
- 14h30 – 14h45 Determinants of household water chlorination in nomadic communities: Case of Mbirikani location, Loitok tok district, Kenya
Owinyi L
- 14h45 – 15h00 Effects of mobile telephony on biodiversity
Ukhun E
- 15h00 – 15h15 Outdoor air particulate burden and lung function status of residents of selected communities in Ibadan
Odeshi T

Health Systems

Chair: Laetitia Rispel

- 13h30 – 13h45 The utilization of health care services by children with foetal alcohol syndrome in the Western Cape, South Africa
London L
- 13h45 – 14h00 Baseline assessment findings of the data transfer processes in primary health care facilities in Region F, Johannesburg
Nani S
- 14h00 – 14h15 Improving referral of TB patients from a district hospital to TB clinics in an area of high TB prevalence
Behroozi F
- 14h15 – 14h30 Strengthening HIV Counselling and testing services and integration with Tuberculosis Services at Mnquma Sub-district in the Eastern Cape
Matshaya V
- 14h30 – 14h45 Re-engineering primary health care (PHC) in South Africa
Pillay Y

Mathee A
- 16h30 – 16h45 Food security in impoverished urban settlements in South Africa: Findings from the Health, Environment and Development Study
Naicker N
- 16h45 – 17h00 Rodent control in urban communities in Johannesburg, South Africa: From research to action
Jassat W

Communicable diseases Chair: Yohanne Nyasulu

- 16h00 – 16h15 Effect of periodic presumptive treatment on prevalence of STIs in female sex workers: Cluster-randomised controlled trial
Bello B
- 16h15 – 16h30 Prevalence and risk factors of diarrhoea among displaced adult Zimbabweans in Limpopo
Gwetu T
- 16h30 – 16h45 Measles outbreak in Limpopo Province, August 2009 – August 2010
Maimela E
- 16h45 – 17h00 A qualitative assessment of adherence to the completion of tuberculosis (TB) treatment in five sites in KwaZulu-Natal
Mkhize S

Maternal, Child health and Nutrition Chair: Supa Pengpid

- 16h00 – 16h15 Knowledge, attitudes and practices of women regarding maternal and child health in Mpumalanga
Sematlane N
- 16h15 – 16h30 Using a Road-To-Health Card Master Chart to investigate malnutrition in the Nyandeni sub-district in the Eastern Cape
September L
- 16h30 – 16h45 Heavy metal concentrations in the blood of pregnant women ingesting non-nutritive substances
Mahuma T
- 16h45 – 17h00 A baseline assessment of maternal, neonatal and child health and nutrition services in seven districts
Magingxa N

- 17h00 – 17h15 Development and tracking of body composition of rural South African youth: Ellisras Longitudinal Study
Monyeki D
- 17h30 – 18h30 **PHASA AGM**
- 19h30 **Conferece Dinner**
Prof Mvuyo Tom
Vice Chancellor, University of Fort Hare

WEDNESDAY, 1 DECEMBER 2010

07h30 – 08h30 REGISTRATION

PLENARY SESSION

Chair: Flavia Senkubuge

- 08h30 – 09h00 Advocacy to minimise stigma in mental health
Prof S Rataemane, University of Limpopo (MEDUNSA)
- 09h00 – 09h30 Heading for disaster: Sanitation failures and water pollution
Dr J Barnes, University of Stellenbosch
- 09h30 – 10h00 Qhaphela Wenze screening
Dr Bongzi Nzama, School of Health Sciences, University of Fort Hare

10h00 – 10h15 TEA BREAK

10h20 – 11h50 **PARALLEL SESSIONS 4**

Injury and Violence

Chair: Graham Wright

- 10h20 – 10h35 Child pedestrian injury prevention responses: Towards prevention priorities for South Africa
Arendse N
- 10h35 – 10h50 Children's perceptions of the causation and prevention of childhood burn injuries in Cape Town
Titi N
- 10h50 – 11h05 The use of GIS in the analysis of fatal fall and burn injuries in older adults
Dauids A
- 11h05 – 11h20 Understanding the determinants and preventive strategies for high school violence in South Africa:
The stakeholders targetted model
Akinsola H
- 11h20 – 11h35 The prevalence of intentional and unintentional injuries in selected Johannesburg housing settlements
Mendes J
- 11h35 – 11h50 Epidemiology of Child injuries in Uganda: Challenges for health policy
Hsia R

Knowledge practices

Chair: Francis Hyera

Nel E
- 11h20 – 11h35 Acceptability of home-based HIV counselling and testing in a rural district in South Africa
Naik R
- 11h35 – 11h50 Fieldwork challenges encountered in urban health research in Johannesburg: The HEAD study
Mathee A

HIV/AIDS: Utilisation and access

Chair: Stephen Knight

- 10h20 – 10h35 Perceptions of integrating TB and HIV services: In-depth interviews with TB nurses in inner-city Johannesburg
O'Connor C
- 10h35 – 10h50 Predictors and facilitators of traditional medicine utilization among HIV/AIDS persons on anti-retroviral therapy
Hughes G
- 10h50 – 11h05 Determinants of HIV-VCT utilization among secondary schools teachers in Thika District, Kenya
Marita E
- 11h05 – 11h20 Quality of in home rapid HIV testing by community lay counsellors in a rural district of South Africa
Naik R
- 11h20 – 11h35 Patients perspectives on integration of TB/HIV services in a rural District, South Africa
Uwimana J
- 11h35 – 11h50 The use of commensal and pathogenic escherichia coli strains in water and sanitation samples to indicate health risk to people living with HIV/AIDS in Zimbabwe and South Africa
Potgieter N

Non communicable

Chair: Debbie Bradshaw

- 10h20 – 10h35 Women, violence and tobacco: Are we missing an important link?
Ige O
- 10h35 – 10h50 Participatory action in facilitating the Health Kick intervention
Hill J
- 10h50 – 11h05 Is tobacco control having any effect on mortality in South Africa?
Nojilana B
- 11h05 – 11h20 Willingness and self-rated competence to provide smoking cessation services by family and community medicine doctors in a tertiary hospital in Nigeria
Adebiji A
- 11h20 – 11h35 Adolescents attributes of the onset and maintenance of their smoking behaviour
Arendse N
- 11h35 – 11h50 Factors influencing glycaemic control in diabetics, in three community health centres, in the city of Johannesburg
Timothy G

12h00 – 13h00

POSTER SESSION

Chairs: Annette Gerritsen and Julia Moorman

13h00 – 13h30

LUNCH

13h30 – 14h30

CLOSING SESSION

Chair: Rodney Ehrlich

13h30 – 14h00

Tobacco control advocacy in Sub-Saharan Africa: Moving from Discovery to Delivery
Prof Lekan Ayo-Yusuf, University of Pretoria

14h00 – 14h30

PRIZE GIVING
